¹ FTE is Full-Time Equivalent, or the portion of a student's time in each educational program.

² Wherever possible, \$ per pupil by program have been calculated. If there is no FTE, \$ per pupil is not calculated. (NOTE: Out-of-district student enrollment is included.)

³ Chapter 1/Title 1 is the only program using a headcount (not an FTE) – and only Title 1 federal dollars.

⁴ The enrollment for Other Programs is typically based on 1 for each major program. A per pupil expenditure is not calculated because these programs do not benefit the general student population. (Other Programs include Adult Education, Summer School, etc.)

⁵ Total district program enrollment includes total FTE's only (excludes the headcount category).
